

There is no doubt that 2020 has been far from what anyone imagined it would be. Nonetheless, we are thankful for our successful re-opening in June & we are very hopeful that July will be even better! We strongly believe that a safe & happy summer at the beach is still in store for everyone.

In response to the recent surge in COVID-19 cases in our area, we temporarily re-closed our business for spa services on Sunday, June 28. This time enabled all of our team members to be tested for COVID-19 simply in an effort to be overly cautious. We are happy to report that the negative test results are rolling in & we will be re-opening for spa services once again on Friday, July 3.

We are still taking an abundance of pre-cautionary steps outlined by the CDC, DPH, WHO, OSHA and our own industry leaders to ensure the safety of our team & our valued guests. For additional information regarding our health & safety protocols, please [visit our website](#).

Blissed & Bubbly Body Repair Body Treatment

Aching muscles breathe a sigh of relief as a steaming hemp-infused, CBD wrap cradles arms and legs. Newly softened, a watermelon extract and sea salt scrub exfoliate dead skin cells until you glisten. Now smoothed, a whipped up, frothy bubble mask is applied onto skin. Arnica Montana Flower extract in this mask helps alleviate symptoms of dry, chapped skin while sodium-PCA works to reduce moisture loss — so skin is left hydrated and nourished. Who knew bubbles could do so much? Lock all this in with an advanced-peptide body mousse, so feathery soft you'll feel as if you're drifting off, off and away on a cloud!

Sweet Tea Surrender Body Treatment

Honey and Magnolia flower essence wrap the room as you soak in a special blend of grapeseed, olive and orange peel oils that nourish your skin with antioxidants and vitamins. Next, you're whipped into softness with a Sweet Tea Shea butter sugar polish with notes of ginger tea and peach. Finally, a Pink Moon Shea Butter massage that leaves hints of licorice blossom, powdery-soft spun sugar and fig. Enjoy this sweet tea brew all summer long!

Rosemary Relaxation CBD Massage

You'll begin with earthy notes of rosemary and mint filling your senses as a warm compress wraps skin in hydrating vitamin-E splendor. Lost in the warmth, you'll begin to dream you've been transported from your treatment room to a sun-drenched oasis. Now muscle tension is gently caressed away with a skin-restoring HiBio™ hemp massage oil with CBD – warming on contact, this blend is rich with lycopene and antioxidants to replenish skin with moisture.

Wrinkle-Out Watermelon Wrap & Massage

A kneading so silky, skin will beg for a second helping! We begin by nestling arms and legs in a squalane and hyaluronic gelée cocoon. Formulated to brighten skin tone and hydrate, this blend with lycopene-rich watermelon extract seriously softens! Stiff muscles are then kneaded using effleurage strokes with a light-as-a-feather body mousse. Let juicy notes of watermelon dazzle and delight as this body treatment comes to an end.
